The Daily Press.

HONGKONG, JULY 1ST, 1914.

To-day the Canton authorities start exchanging the depreciated Provincial currency notes for the National Bank of China notes, when tendered in large amounts, and for subsidiary silver when single notes are presented, the rate of exchange having been fixed at fifty cents sub-coin to the dollar, or forty-five National Bank notes for Provincial notes of the face value of one hundred dollars. There seems every prospect now that the scheme will go through successfully. The severe reprimand addressed by the Central Government a few weeks ago to the holders of Provincial notes who protested to Peking against the rate of exchange adopted would seem to have effectually silenced the opposition. It was pointed out in this telegraphic answer to the protest that owing to the unscrupulous issue of currency notes during the brief period of revolution the people of the Province have been "floundering in a pit of fire and deep water," or, as the English saying has it, "between the Devil and the deep sea." It reminded the petitioners of the many appeals made to Peking from the Province for some measure of protection against the heavy losses the people were suffering in consequence of the continual depreciation of the Provincial currency notes and that, though the Central Government is so financially embarrassed, it had shown its willingness to help by allocating a considerable sum out of the proceeds of the foreign loan obtained for other purposes, in order that the Kwangtung Provincial notes could be redeemed at the market value to which they had fallen in order to relieve the people from further suffering. The protest against the rate fixed for the exchange of the notes was described in the Government telegram as "audacious," "diabolical," "preposterous," and as an act of treachery to the Government; whereas the Provincial authorities were ordered to arrest and punish the offenders and to show no leniency towards them. We have heard of no such arrest, nor have there been any signs since of organised

opposition to the redemption scheme. The Government's communication was not entirely denunciatory; it sought to justify the rate which has been fixed for the exchange of the Provincial notes by reference to what was done in France after the Revolution, when it says the French Government redeemed its currency notes at ten per cent. of their original value. The request that the Central Government should redeem the Kwangtung notes at their face value, by issuing public bonds for the balance of the amount, was strongly denounced by the Central Government, who declared it to have been instigated by "treacherous market ruffians" who had taken advantage of the fall in the value of the notes during the disturbances in the Province to buy them up at about thirty per cent. of their face value, and now wanted the Government to redeem them at full value in order that they might reap an enormous profit. "Such men," said the Government's telegram, "are ruffians who are not only the common enemies of the people of Kwangtung, but criminals in the eyes of the laws of the Republic." After this the man who bought notes at thirty per cent. of their face value will no doubt be content with a profit of twenty per cent. on the exchange. The matter has been so thoroughly discussed during the past few months that little remains to be said on the subject. There are probably very few of the present holders of the notes who will suffer more than a ten per cent. loss by the exchange, while many may possibly gain. Those who stand to lose will doubtless be ready to cut their losses, and be only too thankful to do so if it marks the end of the financial chaos which has had such a bad effect upon business for the past two years or more.

Singapore newspapers record with regret the death of Mr. James Guthrie MacTaggart, a well-known resident of the Colony.

An exciting match in the Football Club final at Singapore last week between the S.C.C. and the K.O.Y.L.I. ended in a draw.

It is announced that Mr. Charles Alexander Hooper has been admitted to-day a partner in the firm of Messrs. Johnson, Stokes and Master, solicitors.

Inspector McDonald, prosecuting a Chinese at the Magistracy yesterday for returning from banishment, told Mr. C. D. Melbourne that the man had made seven previous visits to the Magistracy, and had been banished in February of last year for 20 years. The defendant was sentenced to twelve months' imprisonment and four hours' stocks.

An unusual charge was preferred at the Magistracy yesterday against four Chinese from Shaikwan, namely, that of killing a wild deer. From the statement of the first defendant, who admitted killing the deer, it seemed that the four were working in a quarry when the animal jumped down amongst them. The men surrounded it and the first man killed it with a bamboo pole. The first defendant was fined \$10, and the others were discharged.

Mr. Murdo McIver, of the Harbour Department, charged his house coolie at the Magistracy yesterday with deserting his service. It appeared that the defendant was given leave to visit his mother, and was due back on the 7th inst. He did not return, and was not found until Monday, when he was arrested. The excuse he tendered the Magistrate was that while on leave his mother died and he was therefore delayed. Defendant was fined \$5.

Before Mr. Wood yesterday, the case was mentioned in which G. Edward Goldsborough, of No. 45, Haiphong Road, Kowloon, is summoning Mary McIntosh, of No. 51, Haiphong Road (top floor), for assault. Mr. D. Lewis appeared for the complainant, and told his Worship that the defendant had taken out a cross-summons that morning. The assault complained of consisted in the woman striking his client on the head with a stick. The case was remanded, his Worship advising a friendly settlement out of Court.

At the Magistracy yesterday a number of Hakkas employed at the Paper Mills at Aberdeen were charged with assaulting two Puntis at Aberdeen. Sergeant Brazier told the Magistrate that the first defendant had an argument with one of the complainants with regard to the carrying of some water, and a pot was broken in the course of the "bobby." The defendant then went along and called a number of his countrymen together to fight the Puntis. The police, however, arrived on the scene in time to prevent any serious disturbance. The case was remanded until Friday morning.

MINTING OF "BIG DOLLARS" AT CANTON.

THE DOLLAR THE STANDARD COIN.

Our Canton correspondent writes:—The Board of Finance has telegraphed to Acting Governor Li stating that now that big dollars have been made the standard currency, all the small coins must necessarily be subsidiary; and that according to the principles of national currency, the amount of supplementary currency must not exceed that of the standard currency. The Board directs that from the 1st day of July big dollars must be minted at the Canton Mint instead of sub. coins as hitherto. The message also states that no further sub. coins should be minted except when absolutely necessary, and then the Board's sanction must first be obtained for the minting of these coins.

In this connection, it may be mentioned that on Saturday last the Mint delivered to the Bank of China 50 cases, each containing 2,000 dollars. Another 20 cases are to be delivered during this week, and the Mint will continue to turn out as many big dollars as possible to cope with the demand caused by the Note Redemption Scheme now being put into force.

CORRESPONDENCE.

THE LEAGUE FOOTBALL MEDALS.

[TO THE EDITOR OF THE "HONGKONG DAILY PRESS."]

SIR,—I wish to call the attention of the sporting fraternity to the rewards given to the winners of the Hongkong League Football contests.

At a dinner recently given at the Hongkong Hotel, the lack of enthusiasm among civilian footballers was spoken of, and hopes of better things to follow in future years were expressed.

Can one wonder why such a state of things prevails when at the end of a hard season, taking risks of broken bones and minor injuries, a player of the winning team receives a medal valued at 65 cents or \$11 a dozen with engraving?

It is, moreover, an unfinished article, ugly to look at, meant to be a Maltese cross, but more like an egg, centred with what is supposed to be the rising sun, but what looks like the moon on a wet night. Such is the reward for success!

Can the recipient of such a thing look upon it in future years without calling to mind the bitter moment of receiving it? I can speak for others beside myself when I say that I do not feel any pride in possessing such a thing as the Hongkong Football Association's League winners' medal.

If a footballer has such a thing to look forward to for a successful season, football will become a minor sport in Hongkong, and those who have worked for its success will award it its death blow, though none would be more sorry to see such a state of things than one who is

A. PLAYER.

THE BIBLIOTHECA PORTUGUEZA.

[TO THE EDITOR OF THE "HONGKONG DAILY PRESS."]

Hongkong, 30th June, 1914.

DEAR SIR,—I am in receipt, with thanks, of your kind note, enclosing a letter from Mr. Xavier, President of the "Bibliotheca Portuguesa," and, in reply, I beg to inform the chairman that I am not the only member of the Bibliotheca Portuguesa who objects, but there are others as well who agree with me in regard to the proposal referred to in my letter, published in your columns on the 29th inst. I had no desire whatever to seek an interview with the chairman on the subject, but I hoped that he would give an open reply to my letter in one of the English papers of the Colony. I shall feel obliged if the chairman will have the goodness to give his reasons through the Press for the removal of the library (if approved by the shareholders) would mean discord amongst the members, not only on account of its removal to the proposed place (the Lusitano Club), but because it utterly ignores the express desire of the late Mr. da Cunha. The chairman, being one of his nephews, knows very well the reasons why the library under dispute was removed from the Lusitano Club to Mr. da Cunha's house some years ago.

Will the shareholders and members honour the dead man, who cared for the library more than his own life, by carrying out his wishes?—Yours faithfully,

A MEMBER OF THE LIBRARY.

THE LANGUAGE OF DESPAIR.

Personally I would prefer to sweep a crossing rather than work with, or for, such a party of prevaricators and traitors as Ministerialists have been proved to be—Lord Winterton, in the Morning Post.

If the path of pogroms and prevarication placemen is not drawn with roses, neither is that of Unionist statesmen who allow themselves once more to be fooled by politicians who have dethroned Ananias and Sapphira his wife from the place they held in the Valhalla of liars.—Mr. Arnold White, in the Daily Express.

THE ASSASSINATIONS IN BOSNIA.

FURTHER DETAILS.

SARAJEVO, June 30th.

Martial law has been proclaimed here. The bodies of the Archduke Franz Ferdinand and his wife, the Duchess of Hohenberg, have been embalmed already, and the bier has been covered with wreaths.

Detailed accounts show that the Provincial Governor sat in the car facing the Archduke and the Duchess, and Count Harrack stood on the footboard as guard to the Archduke. They were joking about the precautions when the motor-car turned into the Kaiser Franz Josef Gasse, and the shots were then fired.

General Potiorek thought that the Archduke and his wife had escaped, as they uttered no word.

LATER.

It is stated that the Archduke and his Consort spoke to each other after the shots had been fired, the former murmuring, "Sophie, live for the children's sake." These were the last words of the Archduke.

Both assassins are natives of Bosnia, and both belong to the Serbian Orthodox Church.

Gabrinovic, the composer who threw the bomb, was expelled from Bosnia two years ago, but allowed to return upon the intervention of a Socialist Deputy.

Several hundred arrests have been made at Sarajevo, including a Serbian deputy, but nothing has happened proving that a plot has been discovered.

Those injured by the bomb explosion include a lady, a Count and a Colonel. An official statement announces that they are all progressing favourably.

ARRIVAL OF THE EMPEROR IN VIENNA.

VIENNA, June 30th.

The Emperor has arrived here. Enormous crowds gathered owing to unfounded rumours that the Emperor was ill, and the police, being unable to maintain order, cleared the streets.

Despite the seriousness of the occasion multitudes of people gave the Emperor a stirring ovation. The Emperor was deeply touched.

THE FUNERAL.

The bodies of the Archduke and his Consort leave Sarajevo to-day, and the funeral will take place next week. They will be buried at Armstetten, according to the Archduke's wish.

The bodies were sent by special train to Metkovich, Dalmatia, and will be placed on a warship to-day. They will be conveyed by a squadron to Trieste. The bodies will lie in State in the Hofburg, Vienna, on Friday, and will be interred at midnight at Arstetten.

POLA, June 30th.

The Squadron has left to fetch the bodies.

ANTI-SERBIAN DEMONSTRATIONS IN SARAJEVO.

There were anti-Serbian demonstrations last night. The troops were called out and the demonstrators were cheering greatly.

It is affirmed that the bomb used in the first attempt was made in a Serbian gun factory.

COMMENTS ON THE POLITICAL ASPECTS OF THE CRIME.

LONDON, June 30th.

The practically universal comment is that the crime was a political one, but that it will involve no change in Austria-Hungary beyond increasing the tension with Serbia. The opinion is expressed that the longer the Emperor lives the easier will the consequences be surmounted.

The Berlin Vorwarts, however, declares that the crime shows that the problem of Austria more and more threatens the peace of Europe, while the Paris Libre Parole foresees the dissolution of the Monarchy, and says that Austria is reaping what she has sown.

A section of the Russian Press treats the removal of the Archduke as a removal of a danger to European peace, giving Austria an opportunity of reconsidering the course she has been following.

BRITISH SYMPATHY.

LONDON, June 30th.

His Majesty King George called at the Austrian Embassy and personally expressed his sympathy. Other members of the Royal Family also called at the Embassy, as did also ex-King Mancoel, Cabinet Ministers, all the Ambassadors, and Lord Kitchener.

His Majesty has appointed H.S.H. Prince Alexander of Teck to represent him at the funeral.

The Court will go into mourning for a week from the 28th inst.

In the House of Commons, Sir Edward Grey, the Foreign Secretary, during his speech in the debate on the Foreign Office Vote, made a personal and impressive reference to the assassination. He referred to Great Britain's pleasure at

Archduke's recent visit, and to the Emperor's distress after so many family afflictions. (Sympathetic cheers.) They all knew, he said, what a great support the life of the Emperor had been to the peace of Europe.

Mr. Asquith, the Premier, announced that he would move to-morrow the forwarding of an Address to his Majesty expressing the sentiments of the House at the assassination.

The Kaiser will attend the funeral.

THE OPIUM CONFERENCE.

INTERESTING STATEMENT BY SIR EDWARD GREY.

LONDON, June 30th.

In the House of Commons, Sir Edward Grey, Foreign Secretary, referring to the opium conference, said it was still uncertain whether the French and German objections had disappeared. It was only fair to recognise what the Chinese themselves had done. The question whether the British Government could hasten the final settlement with the Chinese Government, and say that China was practically free, and that the whole thing should come to an end, was a point on which he could not say any more at the present time. If they did so, they would have to consider the conditions in regard to the stocks of opium.

THE ANGLO-JAPANESE ALLIANCE.

LONDON, June 30th.

EUROPEAN SERVICE.

THE TRAGEDY IN BOSNIA.

BERLIN, June 29th.

The assassins affirm that they have acted from nationalist motives, and have no accomplices. Many arrests have taken place in Bosnia and Austria.

The Emperor Franz Josef was deeply moved on receiving the news, but was composed and has not interrupted his work.

H.M. the Kaiser arrived at Berlin to-day and goes to Vienna to take part in the obsequies.

Austrian papers are unanimous in saying that the outrage had its origin in political causes. The late Archduke was assassinated because he was an adversary of the Pan-Servian idea. There are many indications of a widely-spread Pan-Servian conspiracy. It is said that the Archduke had been warned by St. Petersburg repeatedly, also by the Servian Legation at Vienna.

The obituary notices agree that the Monarchy's prospects for the future are destroyed, and all the peoples under the rule of the House of Hapsburg are enjoined to show unanimous fidelity towards the Emperor Franz Josef.

The Bourbons are tolerably quiet. Both the Archduke and his Consort were hit in the main arteries. One of the assassins has confessed to having got the bomb at Belgrade. Martial law has been declared at Sarajewo. At Vienna, Buda-Pesth and other places there were anti-Serb demonstrations.

The murdered Archduke and his Consort will be interred at the castle of Artstetten on the Danube, near Tschern.

H.H. the Pope was affected by fainting attacks when he received the news from Sarajewo.

LONDON, June 29th.

The murder of the Archduke and his Consort has evoked the deepest sympathy in Great Britain. H.M. the King has cancelled the Court Ball. AN INDIAN CONSTABLE'S STORY.

At the Magistracy yesterday, before Mr. J. R. Wood, the manager of the Connaught Aerated Water Works, a Chinese, was charged with causing an obstruction outside his premises at No. 68, Queen's Road East.

Indian Constable 370 deposed that at about 2.15 p.m. on the 24th June he saw 10 boxes, two baskets of straw, and several pieces of boarding on the foot-path, which caused an obstruction. He asked the occupier to remove the articles, and he agreed to do so as soon as he had gone. At 4 p.m., however, the boxes and baskets were still there.

Defendant alleged that the constable's story was false, and denied causing an obstruction. He called Mr. Alexander P. Storrie, of 13, Beaconsfield Arcade, who stated that he knew the premises very well. He was there on the 24th June, and saw no boxes or baskets outside during the time he was there, from 2.30 to 3.15 p.m.

The constable was recalled by the Magistrate, and affirmed that his story was true.

His Worship told him that he was of opinion it was not true.

The constable said it did him no good to tell lies. If he did not do his duty he would be reported by his Inspector.

Inspector McHardy, in reply to his Worship, said that as far as he could make out the Indian constable had been in the habit of going into this Water Factory for a bottle of lemonade.

His Worship asked why he passed the application for a summons, and the Inspector replied that he did not know anything about the defence, and had to believe the Indian.

His Worship remarked that this was the second case of a similar nature that day, in which the same defence was raised. He asked Inspector McHardy whether he had enquired into that case.

Inspector McHardy—Yes, your Worship. There was some obstruction, but very little.

His Worship said that the Inspector would have to watch his men. The Indian constable was fined \$5, and the defendant discharged.

SANITARY BOARD.

The fortnightly meeting of the Sanitary Board was held yesterday. Mr. D. W. Trantman presided, and those also present were Dr. F. Clark (Medical Officer of Health), Mr. Chan Kai Ming, Colonel Irwin, Mr. P. W. Goldring, Hon. Mr. A. F. Churchill (Director of Public Works), Hon. Mr. E. A. Hewett, Dr. Fitzwilliams, Hon. Mr. E. R. Hallifax, Mr. Ng Hon Taz, and Mr. E. W. Hamilton (Secretary).

AN OLD QUESTION.

The Hon. Mr. Hewett moved that the application to erect water closets on new premises to be erected on Praya Reclamation to Marine Lot No. 63a, Connaught Road Central, Des Vaux Road Central and Wing Wo Road, should be refused. The question, he said, was an old one, and when such applications had come forward he had consistently opposed them when they referred to Chinese establishments. He did not think it was desirable to have more water closets than were absolutely necessary on the lower levels of Hongkong. In that connection, something would be brought before the Board at the next meeting. The Government had had to remove water-closets on many occasions from Chinese buildings on the sea-front, and to allow this application would be setting a bad precedent.

The Hon. Mr. Hallifax seconded, and upon the voting being equal, the CHAIRMAN gave his vote in favour of the Hon. Mr. Hewett's motion, the application being thus refused.

The Hon. Mr. Hewett also objected to the application to erect 30 water closets in two blocks of building on Inland Lot No. 1229 May Road, remarking that great expense was caused by the mains being broken and the consequent search for the injury. He thought the conditions prevailing here were quite unsuitable for the erection of such closets. The mains got broken, the sewage matter accumulated, and this might lead to a serious outbreak of typhoid fever. If they granted this application they would have to do so in other cases, and quite a number of houses were being erected along Robinson Road and Kennedy Road.

The CHAIRMAN pointed out that this application concerned houses which were being erected for Europeans.

Dr. FITZWILLIAMS asked if the roots of banyan trees had not been known to damage the mains.

The Director of Public Works said there had been cases where the roots of the banyan tree had been known to get into the joints of the pipes, and when these breakages had been discovered they had been replaced by iron pipes. He did not think that any expense had been incurred in that way this year. They had adopted a method, which had been successful in other places, of placing salt in the joints of the pipes, which was supposed to cause the roots of the trees to curl upwards and away from the joints. He added that there was no difficulty in finding the breakages, which were now very easy to find by way of the man-holes.

The Hon. Mr. Hewett's motion was not seconded.

Mr. GOLDBRING then proposed that the application be granted.

Dr. FITZWILLIAMS seconded, and this was carried.

On the motion of the CHAIRMAN, it was agreed to erect two urinals at St. Stephen's College Inland Lot No. 694, Bonham Road.

I do not think that it is necessary for me to enter into any explanation, and with your permission I will now put the formal resolution.

The CHAIRMAN then proposed:—That the provisions of the Company's Memorandum of Association with respect to its objects be altered so as to read as in the print signed by the Chairman of the meeting for the purposes of identification.

Mr. MAITLAND seconded, and this was unanimously agreed to.

The CHAIRMAN also proposed:—That the new Articles already approved by this meeting and for the purpose of identification subscribed by the Chairman thereof be and the same are hereby approved and that such Articles be and they are hereby adopted as the Articles of the Company in substitution for, and to the exclusion of, all the existing Articles thereof.

Mr. BARTON seconded, and this was unanimously approved.

He mentioned to his Lordship that the first application was made on March 23rd, as the result of a petition, and instructions were then given by the Chief Justice that the proposed change should be advertised in the Gazette and some local papers to allow the public, if they so desired, to make an objection. The advertisements had been inserted, but no objections had been made, and he now asked that the order should be finally made.

His Lordship made the order.

THE HONGKONG BANK CASE.

EVIDENCE OF CAPTAIN-SUPER-
INTENDENT OF POLICE.

The case in which Antonio Filomeno Remedios, aged 28, a clerk in Messrs. Jardine, Matheson & Co.'s office, and Reginald Gutierrez, a clerk in the Hongkong and Shanghai Bank, are charged with conspiring to defraud the Hongkong and Shanghai Bank of divers large sums of money on the 4th May and divers dates before and after again came before Mr. Wood yesterday.

Mr. D. Lewis (of Messrs. Johnson, Stokes & Master) prosecuted, Inspector Terrett represented the police, Mr. A. B. Crew was for Remedios, and Mr. J. H. Gardiner appeared for the second defendant (Gutierrez).

The Captain-Superintendent of Police (Hon. Mr. McIlvaine Messer) deposed that on the 29th May he received a letter containing certain papers from the Singapore Police. Among the papers were a typewritten copy of a typewritten letter, a tracing of a signature, purporting to be that of the typewritten letter, and a photographed copy of a letter, together with a copy of the envelope in which the original letters were contained. He caused certain enquiries to be made, and the Hongkong and Shanghai Bank was warned. Witness was asked by the Bank to make special enquiries, and in accordance with this request he went to the Bank on the 4th June. Witness interviewed the second defendant in the presence of Mr. Barlow and Inspector Terrett. He had at that time no intention of arresting him. The second defendant was asked to write his name and address, and this he did. After this witness began dictating from the photographed letter, holding the letter in such a position that Gutierrez could not see it. Witness started with "Now everything concerning," and the defendant wrote as far as "conc" in the word concerning, when he stopped, being uncertain whether the second syllable should or should not commence with an "s." He also asked the man to write "Lionel Lyndhurst," which he did.

The witness was about to produce the words written by the defendant, when Mr. Gardiner objected, and said that Mr. Messer had said that he went to the Bank with no intention of arresting Gutierrez. Apparently he went there to test whether this photographed letter which he had in his possession corresponded with the handwriting of the second defendant.

His Worship—That is right.

The Captain-Superintendent of Police—Yes, that was one of the reasons.

Mr. Gardiner—There is no evidence before your Worship so far that Mr. Messer warned or cautioned the defendant.

His Worship said the best thing would be to note Mr. Gardiner's objection, and to this Mr. Gardiner agreed.

Mr. Crew referred to the publicity given to the case in the Press, and called his Worship's attention to the fact that the two letters read by Mr. Lewis at the last hearing had been published verbatim.

His Worship said that there was no doubt the Press had acted within their rights, and were perfectly entitled to publish the letters. The Press, however, would no doubt give assistance to the Court by refraining from publishing any evidence to which objection was taken by the defence.

Continuing his evidence, the Captain-Superintendent of Police said he compared the handwriting on the photographed letter with the specimen submitted by the second defendant, and pointed out certain conclusions at which he had arrived.

Mr. Gardiner objected to any statement made by the second defendant going down on his Worship's notes as evidence. He thought it was clearly inadmissible.

His Worship—There are so many cases either way, aren't there?

Mr. Lewis—I may quote Sir Henry Hawkins on the point, your Worship.

His Worship—Yes, I know the case. His Worship admitted the evidence provisionally, and the Captain-Superintendent of Police then related the conversation between himself and the second defendant. In the result, he said the first defendant was sent for, and subsequently came. In the meantime witness went on questioning Gutierrez regarding certain of the nick-names in the letters. The police already knew some of them. Witness knew that the "Lightweight" referred to Maher, who was a boxer. Gutierrez said he did not know to whom the names Gage and Anderson referred. The matter of missing specimen signatures of Bank officials was then discussed, and defendant said he had returned them to the Bank, but he could not find them. When Remedios arrived, he was asked to write the signature "L. Lyndhurst."

Mr. Crew here objected, and wished his Worship to understand that he would be objecting to the whole of the witness' evidence on the ground of inadmissibility.

The Captain-Superintendent, proceeding, said that Remedios denied all knowledge of the letters. Witness later ordered his removal to the Central Police Station. In his capacity of Superintendent of Victoria Gaol he had opened two letters and a postcard, addressed to Antony & Company, of which A. F. Remedios was the managing partner.

Mr. Crew questioned how Mr. Lewis was going to get these documents in as evidence, and the prosecuting solicitor said that letters addressed to a man in gaol were in exactly the same position as letters found on a man when arrested, or when his premises were searched.

His Worship thought that the prosecution would have to prove that the name of the addressee was one of the defendant's.

Hon. Mr. Messer—When the first defendant was searched I saw business cards bearing the inscription "Antony & Co." in his possession. In fact he admitted that he was Antony & Co. in the Bank. It is common knowledge. Also, besides the letters I have mentioned, other letters, of a business nature, were addressed to Antony & Co. while Remedios was in gaol, and he received them. The first letter was dated from Penang the 3rd June, and had been in the P.O. box for some time. It began "Dear Lyndhurst," and was signed Maurice Riley.

Detective-Sergeant Clarke gave evidence to searching the first defendant's desk at Messrs. Jardine, Matheson & Co.'s premises, in the presence of the first defendant, who held up the lid while the witness searched. In the right-hand corner of the desk he found the cablegram produced.

Mr. Lewis then asked for a week's remand. He had to get evidence from outside the Colony.

His Worship remanded the case until Tuesday next, at 9.30 a.m.

SEQUEL TO SHANGHAI MURDER.

MR. NEUMANN CLAIMS \$46,000 AGAINST THE SHANGHAI LAND CO.

At the Shanghai Supreme Court on the 22nd June the case was mentioned of Richard Neumann v. The Shanghai Land Investment Co., Ltd.

The plaintiff's claim is for \$46,000 Shanghai sycee, damages suffered by the plaintiff by reason of the negligence of the defendants, their servants, and agents, in negligently and unskillfully making alterations in and additions to the premises known as Nos. 14 and 4, Astor Road, Shanghai, whereof the defendants are owners and landlords and the plaintiff is tenant and occupier. Particulars of such negligence and damages are as follows:

(1.)—The parties agreed on July 8, 1913, in consideration of a higher rent to be paid by the plaintiff, to execute in accordance with a plan drawn by Messrs. Atkinson & Dallas, defendants' architects, certain alterations and additions to the premises aforesaid, it being a term of the agreement that plaintiff and his servants should continue during the execution of the alterations and additions to use and occupy the premises.

(2.)—Defendants began such alterations and additions on or about July 10, 1913.

(3.)—Defendants' servants and agents on December 15th, 1913, improperly and in an unworkmanlike manner broke through the party wall between that part of the premises known as No. 14, Astor Road and that part known as No. 4, Astor Road.

(4.)—Defendants further negligently left the openings aforesaid, one upon the ground floor and one upon the first floor, open and without effective temporary blocking, and they remained so until February 2nd, 1914.

(5.)—Defendants failed to provide and maintain at night a proper and adequate watch over the premises and further neglected to keep and maintain proper and sufficient lights in and about the said works.

(6.)—Plaintiff gave notice as to all of these acts of negligence and the loss and damage likely to arise therefrom, but the defendants, their servants and agents neglected to amend the same.

(7.)—By reason of the negligence and default of the defendants as aforesaid, certain evilly disposed persons, to the plaintiff unknown, on the night of January 22nd entered No. 14, Astor Road in the use and occupation of the plaintiff as aforesaid and stole and carried away therefrom \$6,000 in cash, and jewellery to the value of \$40,000, the property of plaintiff. Plaintiff further claims costs and other relief.

Upon the application of Mr. H. P. Wilkinson, who appears for the plaintiff, his Lordship ordered the filing of a defence, and upon the application of the defendants' Counsel, Mr. R. E. S. Gregson, an order was made for the deposit of \$250 as security for costs. \$250 had previously been deposited.

SINGAPORE SOLICITOR
KNIGHTED.

FORMER RESIDENT OF HONGKONG.

The Singapore resident whose name appeared among the Knights Bachelors in the list of Birthday Honours was not the Hon. Dr. W. G. Ellis (as we erroneously assumed at the time), but the Hon. Mr. Evelyn C. Ellis.

The Straits Times says:—The Hon. Mr. E. C. Ellis has been connected with Singapore for the past eighteen years, having come from Hongkong in 1896, to join the legal firm of Messrs. Drew & Napier, of which he is now the head. He was born in London in 1865, and after receiving his education in a private school in Devonshire he was articled to a firm of solicitors. In 1889 he became qualified as a solicitor in England, and journeying East to Hongkong in 1891 practised there for five years. Mr. Ellis has been a member of the Legislative Council for quite a number of years, and he has acted as Attorney-General for the Colony. He has taken a keen interest in the Volunteer movement. He first joined the Maxim detachment of the Volunteer Artillery in Hongkong in 1894, and in 1899 was gazetted Second Lieutenant. On coming to Singapore he was transferred to the Singapore Volunteer Rifles as Lieutenant, and in 1902 was appointed Captain of the Eurasian and Chinese Company. Early in 1907 he received his field rank as Major commanding the infantry units in Singapore.

THE OIL WELLS OF SHANSI.

The Peking correspondent of the N. C. Daily News writes:—

"I understand from a reliable source that the Chinese and Belgian Industrial Development Company, which is intended for the development of petroleum and other minerals in Shansi, Szechuan, Kansu and Kiangsu, on both sides of the Tungshueing and Lungshai lines, will be temporarily suspended, partially on account of the opposition of the Standard Oil Corporation of New York, and partially in view of the hostile criticism of the Chinese Press, which has roused the Chinese of these provinces in North China to action against the project.

From another source I learn that the provinces of Shansi and Szechuan will be left out of the operations of the projected Company on account of the existence of the agreement with the American Corporation about Shansi, and the concession granted to British merchants in 1899 in Szechuan. With the exception of these provinces, the company will operate oil, coal and other minerals in Kiangsu and Kansu, and also other provinces through which the above-mentioned two railways will pass.

EXCURSION TICKET LAW.

An important point on the law governing railway excursion tickets was decided at Newport County recently, when Mr. Edward Mark Harris, a commercial traveller, was sued by the Great Western Railway Company for excess fare. It was stated on behalf of the company that Mr. Harris travelled by ordinary train with an excursion ticket. Judge Hill Kelly asked what opportunity the defendant had of ascertaining by what train he could travel, and was told that the company published a booklet of excursion trains, or the defendant might have obtained the information at the inquiry office. His Honour said that the suggestion that the defendant should go through a book of fifty pages or go round a station examining leaflets and placards to ascertain whether he could travel by a certain train was rubbish. He non-suited the company, and refused leave to appeal.

NATIVE FINANCE AT SWATOW.

In a Consular report on the trade in Swatow in 1913, Mr. Consul Pitzipios says:—The native banks have pursued their characteristically reckless way of doing business, lending money without adequate security, and issuing wholesale banknotes without any reserve to meet payments. In September one of the largest native banks in Singapore failed, and the failure affected many Swatow firms trading there, rendering them unable to send remittances to Swatow against goods shipped, all of which tended to make money tight, and to send up the rate of interest. In December, when financial affairs in Bangkok led to many failures, Swatow, being so intimately connected with Bangkok, at once felt the effect. One small bank here had to close. At this crisis the other banks held together, and with the assistance of the Chamber of Commerce, managed to weather the storm, so that no more

over, being shipped without interference. If the properties were set out in the balance-sheet at their true commercial value the position of the Bataafsche Company, strong though it is, would be much stronger. It seems, however, to be the policy of the Shell group of regulating the groups from which they get their revenue, to limit the severe view of everything and to trim arid secure the necessary growths so as to ensure more vigorous developments later.

The scope of this great oil enterprise is very wide. Its interests lie in many different parts of the world, but in Egypt, in Sarawak, and in Trinidad it operates practically on British territory. The field acquired in California will doubt be made the subject of some interesting information by Sir Marcus Samuel at the annual meeting, and the fortunate turn of events in Egypt and the extraordinary promise of Mexico as a part remote from political disturbances, are likely to come in for a share of attention. What may be called the financial aspects of the oil industry have been very much in evidence during the last week or two, but our concern at the time is with its purely financial bearing. And we think these, in the case of the "Shell" Company, are not only great in performance but full of promise.

The Times.

Mr. W. F. Tyler, Coast Inspector of the Chinese Maritime Customs Service, has received the King's authority to wear the Insignia of the Third Class of the Order of the Striped Tiger, conferred upon him by the President of the Republic of China in recognition of valuable services rendered by him.

Rich, red blood is the power that keeps the human body in order. Every day many germs of disease enter our bodies, but they are made harmless and pass off if the fighting forces of the body are in good condition. Dr. Williams' Pink Pills build up the blood, enable it to absorb more oxygen, the agent which burns up the body-poisons. In this way Dr. Williams' Pink Pills are not only tonic but a specific for the host of diseases that come as a result of the blood and that can get a foot-hold even when the tone of the body is low.

Dr. Williams' Pink Pills make the blood rich and red, and strengthen the nerves.

ELECTRO-PLATING AND REPAIR WORKSHOPS.

OBSERVATION POINT, WANCHAI.

The Electro-Plating Works laid down some years ago have proved a distinct success, both in the high quality of work expeditiously turned out and also in the fact that our clients are saved considerable delay and HEAVY EXPENSE in sending home tarnished metal ware for replating.

This VARIABLE and DAMP CLIMATE will cause both silver and electro-plated metal to tarnish, therefore why allow such losses, when it is possible to make equal to new at small cost.

The Workshop Plant has recently been considerably enlarged with additional facilities for BRONZING, ANTIQUE COPPER, OXYDIZED SILVER and other fancy finishes.

SHIPS' FITTINGS.

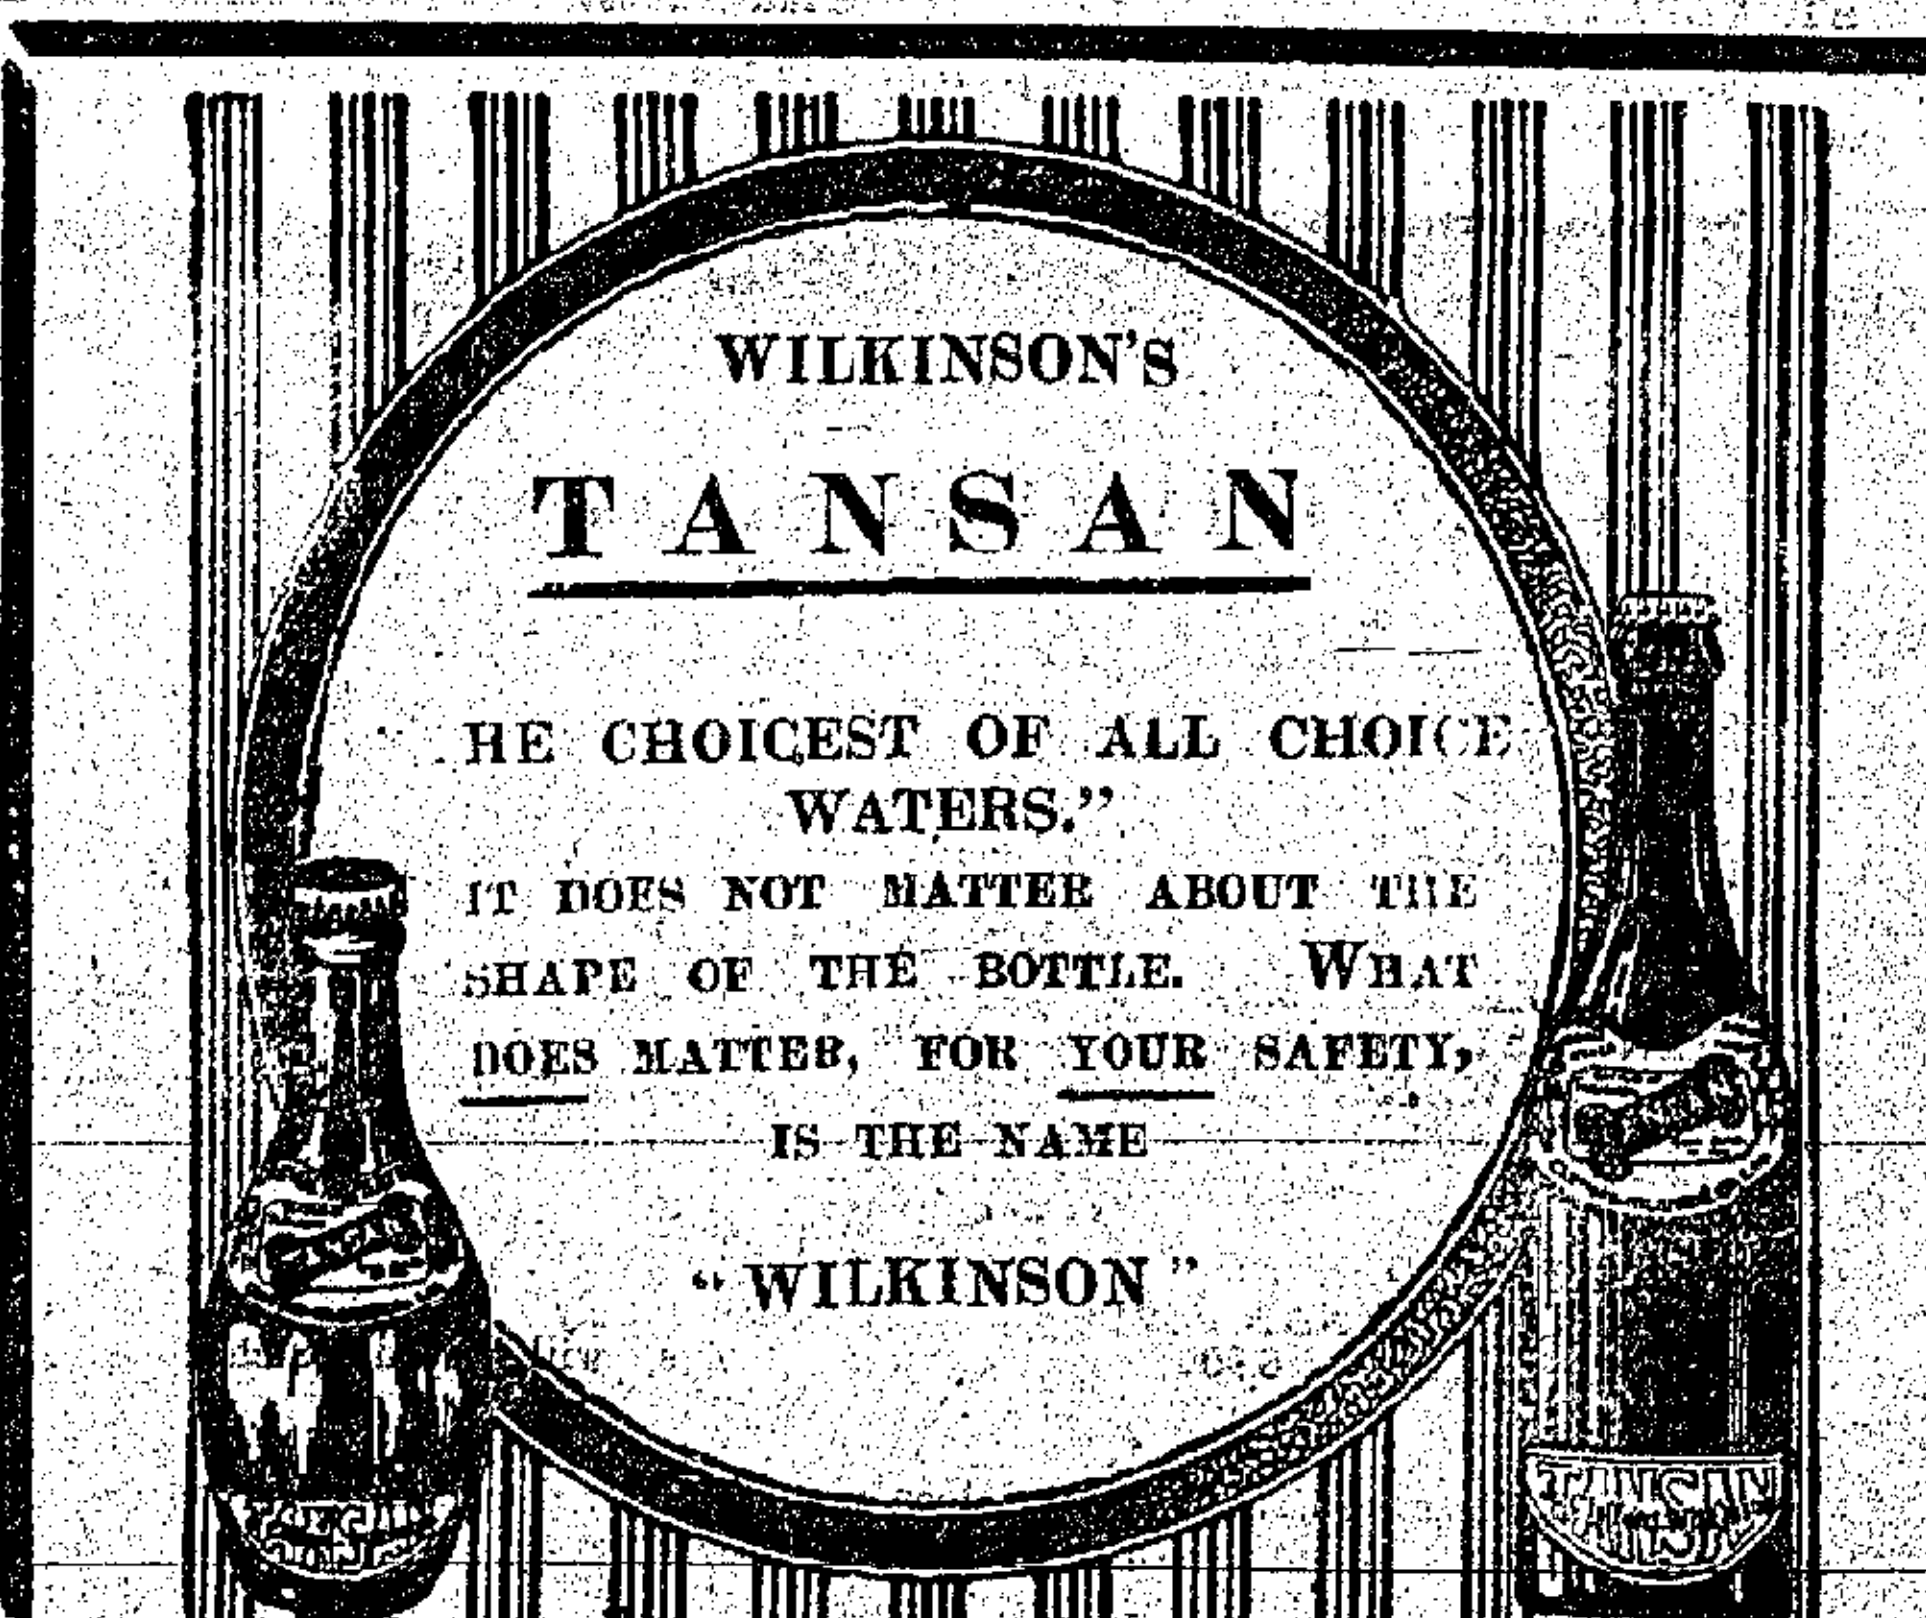

It is hardly necessary to dilate on the great convenience to shipping firms, in the knowledge that Saloon, Cabin or Deck Fittings, dinner services, etc., can be made equal to new in the shortest time at reasonable cost.

HOUSE AND SHOP FITTINGS.

Dinner Services, Ornaments, Shop Rails and Fittings, etc., all need attention in the course of time, and the benefits of local remedy again appeal strongly.

GOLF CLUBS.

Cleaned and burnished on the shortest notice.
